Product Description:

The Epson Ultraviolet Varnish is an excellent choice for businesses that require a durable and long-lasting finish on their printed materials. It is specifically formulated to withstand the harsh outdoor environment, making it a popular choice for outdoor advertising, signage, and other applications that require resistance to fading and weathering. This product offers exceptional outdoor durability, making it ideal for use in a variety of different industries.

One of the key benefits of the Epson Ultraviolet Varnish is its fast drying time. This allows for quick turnaround times, helping businesses to increase productivity and efficiency. The high scratch resistance of this product ensures that printed materials remain in excellent condition, even after being handled frequently. This makes it an ideal choice for products that are subject to wear and tear, such as labels, packaging materials, and promotional items.

The Epson Ultraviolet Varnish is easy to apply and can be used on a variety of different substrates, including paper, vinyl, and other materials. It is also highly versatile, and can be used for a wide range of printing applications, including labels, packaging, promotional materials, and more. This product is an excellent option for businesses that require a high-quality, durable finish on their printed materials.

In conclusion, the Epson Ultraviolet Varnish is a top-quality product that offers superior scratch resistance, fast drying time, and excellent outdoor durability. It is a type of Epson UV Gloss Varnish that is specially designed for use with Epson DX5, DX7, XP600, and TX800 printheads. This liquid coating is an excellent choice for businesses that require a durable and long-lasting finish on their printed materials, and it can be used for a wide range of printing applications. With its exceptional quality and performance, the Epson Ultraviolet Varnish is a must-have for any business looking to produce high-quality, professional-grade printed materials.

Features:

Product Name: Epson UV Varnish
 Outdoor Durability: Long
 Scratch Resistance: High

 Drying Time: Fast
 Epson UV Gloss Varnish, Epson UV Gloss Varnish, Epson Ultraviolet Varnish

Technical Parameters:

Type:	Liquid
Drying Time:	Fast

Printing Type:	Digital Printing
Color:	Transparent
Volume:	500 MI
Outdoor Durability:	Long
Viscosity:	Low
Curing Method:	Varnish
Scratch Resistance:	High
Printhead:	Epson DX5/DX7/XP600/TX800

Applications:

The Epson Ultraviolet Varnish is well-suited for a wide range of applications, including packaging, product labels, and promotional materials. Its low viscosity makes it easy to apply, and it dries fast, making it an ideal option for customers looking for a quick turnaround time.

The scratch-resistant property of the Epson UV Gloss Varnish ensures that the end product maintains its glossy finish even after handling. This makes it an excellent choice for products that undergo frequent handling, such as packaging materials and product labels. The Epson Ultraviolet Varnish is an excellent choice for businesses that need to produce high-quality products within a short period. Its fast-drying property ensures that production time is reduced, while its scratch-resistant property ensures that the end product remains in excellent condition even after handling.

With a price point of just 10, the Tucai brand of Epson UV Gloss Varnish is affordable for businesses of all sizes. Additionally, with a delivery time of just 7 days, businesses can rest assured that they will receive their product in a timely manner.

In summary, the Tucai brand of Epson UV Gloss Varnish is a high-quality product that is well-suited for a wide range of applications. Its scratch-resistant and fast-drying properties make it an excellent choice for businesses that need to produce high-quality products within a short period. Its low viscosity ensures that it is easy to apply, while its affordable price point makes it accessible to businesses of all sizes.
